### Brad Daniel

#### **Ronnie Macaskill, Head of Budgeting & Cost Control, Addax Petroleum Services Ltd, Dec 2012**

"Brad handled the day to day Management and Co-ordination of a specific process improvement project. Elements of the project were complex in that they involved the co-ordination of multiple locations together with Corporate Functions and external software developers. Brad managed these interfaces extremely well and ensured all stakeholders were kept fully aware of progress and issues. Brad has a professional outlook and his methodical and disciplined approach was welcomed by all involved and played a major part in keeping the project on track and ultimately being delivered successfully.

#### **Rory Baker, Trader at North Sea Global Ethanol AG**

„In 2010 I was developing a start-up ethanol trading business in Zug and all the set-up elements were efficiently implemented. These included office facilities, finance team, co-developing deal sheets, risk management tools, and financial reporting. The CFO responsible, Brad Daniel, is now the owner of Daniel Partners, and I would have no hesitation in engaging Daniel Partners for my next venture.“

#### **Neil Adamson, now CFO at TAG Energy Solutions**

"I worked with Brad on the complex transfer of a new Refinery. Brad was a key contact for me within XX plc and was instrumental in completing this project. I was pleased when he subsequently agreed to join YY AG where he focused his efforts on establishing an excellent controlling function within the group."

### Mike Tunstall

#### **Raahil Burhaani, VP - Business Process & IT at Dodsal E & C Pte Ltd, Dubai, UAE**

"Mike is a reservoir of rich IT & Business M&A Transition experience. We worked together as a team to deliver the Stanlow Transition Implementation this year (2011). His ability to see things much ahead in the future because of his extensive years of experience and depth of knowledge helped us prepare for many eventualities. Besides his techno-commercial prowess he is a great team builder and motivator. He has a great sense of humour which he uses very deftly and intelligently to overcome the pitfalls of communication in a multi-cultural team scenario. His sincere efforts with noble intentions to nurture, coach and mentor the youngsters is commendable. I wish him continued success, happiness, joy and prosperity forever. Will be extremely delighted to work with him again in any future engagement."
